

Genome- (or MAG) resolved metatranscriptomics

Dr. Alex Vompe | DAWG Workshop | 3/17/2026

Metagenomics vs. Metatranscriptomics

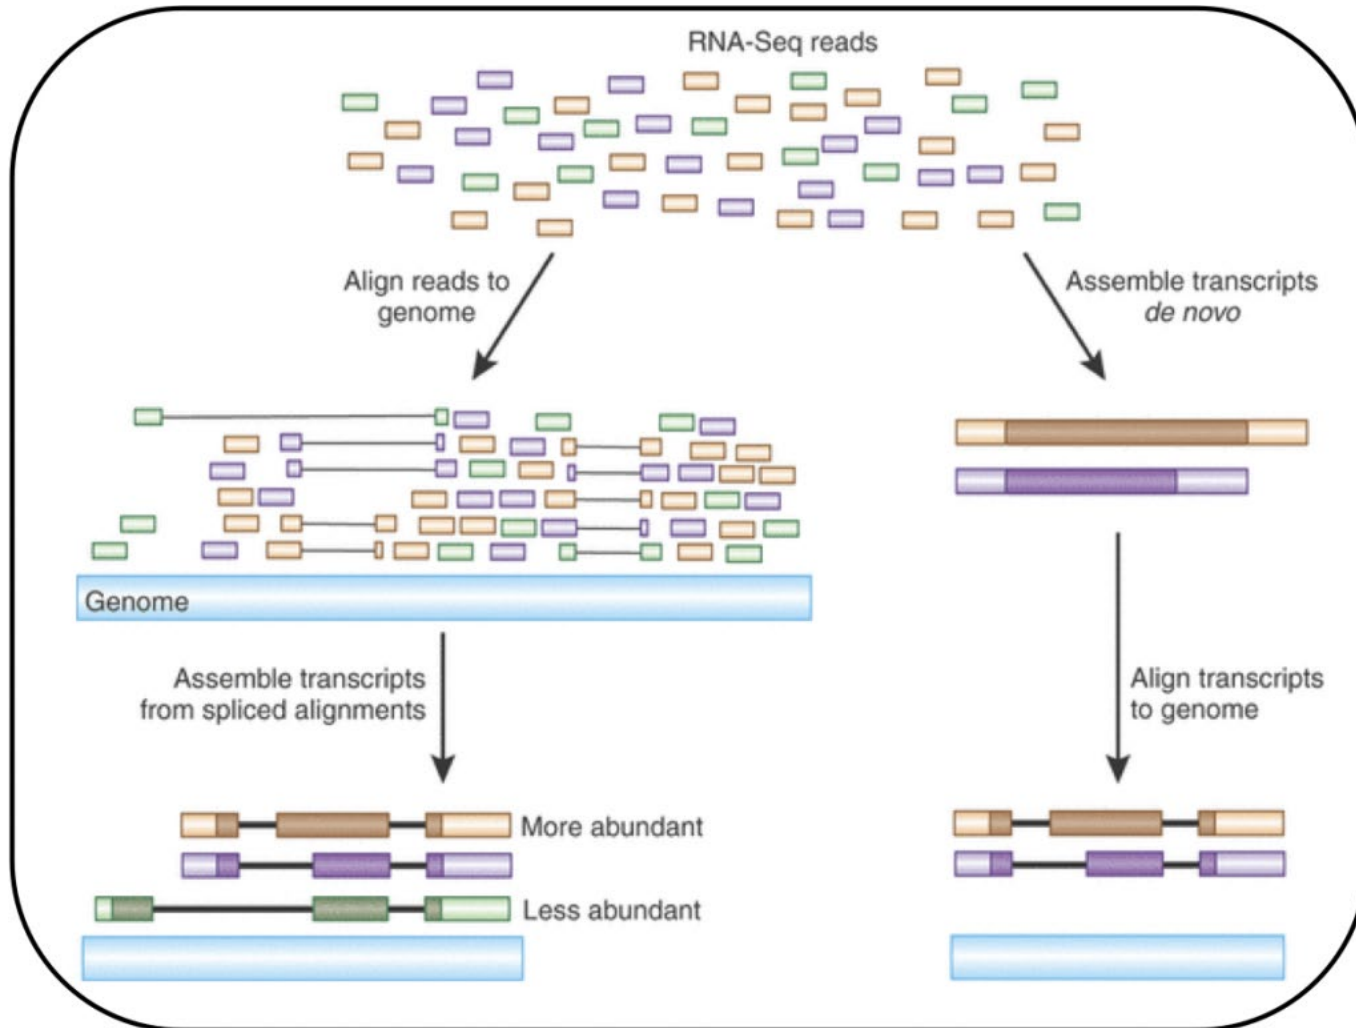

Hoerstmann et al. (2022)

<https://doi.org/10.3390/jmse10111730>

Genome/MAG-resolved metaT

- By mapping transcript reads back to genomes or MAGs, we can ask: **who is there, who is active, and what are they doing?**

Haas & Zody. (2010)

<https://doi.org/10.1038/nbt0510-421>

Activity: explore a paired metaG and metaT sample

- Seawater samples of phytoplankton bloom in Monterey, CA in 2016
